

PROGRAM

24 SEPTEMBER | FIRST DAY

REGISTRATION (08:30-09:30)

Time	Parallel Session - Oceano Atlantico
09:30-10:30	Keynote Session 1: Julia Uddén “Beyond the Language Network: Towards a Functional Brain Network Account of Pragmatics”
10:30-11:30	Coffee Break and Poster Session A
11:30-11:50	Dimitrios Kastanas, Robert D. Hawkins, Napoleon Katsos “ <i>Is Referential Communication Impaired in Autism? Evidence Against Deficit Accounts from a Novel Referential Communication Task</i> ”
11:50-12:10	Gabriele Pezzullo, Federica Iannotta, Caterina Ceparano, Claudio Ricci, Walter Del Monaco, Arianna Catino, Andrea de Bartolomeis, Felice Iasevoli “ <i>Non-Linear Relationships Between Pragmatics, Global Cognition, and Disorganization in Treatment-Resistant and Non-Treatment-Resistant Schizophrenia</i> ”
12:10-12:30	Giorgia Vegna, Federica Simonelli, Ilaria Gabbatore, Francesca Marina Bosco “ <i>Cross-sectional association between Subjective Cognitive Decline and Pragmatic Ability, but not Theory of Mind, in healthy aging</i> ”
12:30-12:50	Milena R. Osterloh, Anna-Thekla P. Jäger, Johanna Knechtges, Anna Sadlon, Bettina Mohr, Friedemann Pulvermüller “ <i>Effects of Repeated Application of Intensive Language-Action Therapy (ILAT) in Chronic Post-Stroke Aphasia</i> ”
12:50-13:10	Chiara Pompei, Elena Didoni, Carola Cappadonna, Katya Lucà, Davide Broglia, Valentina Bambini “ <i>Barriers and bridges between Pragmatics and Theory of Mind: evidence from the prison population</i> ”
13:10-13:30	Marta Bosia, Clara Benedetta Caterina Soldovieri, Giulia Agostoni, Margherita Bechi, Luca Bischetti, Federico Frau, Maria Chiara Buonocore, Jacopo Sapienza, Federica Cocchi, Carmelo Guglielmino, Roberto Cavallaro, Valentina Bambini “ <i>Targeting figurative language comprehension in schizophrenia: effects of PragmaCom and baseline factors associated with outcome</i> ”
13:30 - 15:00	Lunch Break
15:00 - 16:00	Keynote Session 2: Elsi Kaiser “ <i>Broader horizons: Exploring discourse prominence from a domain-general perspective</i> ”
16:00 - 17:00	Coffee Break and Poster Session B
17:00 - 17:20	Derya Cokal, Klaus von Heusinger “ <i>Conceptual vs. Individual Reference</i> ”
17:20 - 17:40	Elisa De Cristofaro, Irene Mognon, Jacopo Torregrossa “ <i>On the role of alternative forms in anaphora resolution: evidence from code-switching</i> ”
17:40 – 18:00	Timo Buchholz, Jet Hoek, Klaus von Heusinger “ <i>Propositional accessibility depends on the context of the anaphoric clause</i> ”
18:00 – 18:20	Morwenna Hoeks, Nicole Gotzner “ <i>The role of prior knowledge in explaining within-scale diversity in the endorsement of adjectival upper bounds</i> ”

PROGRAM

24 SEPTEMBER | FIRST DAY

REGISTRATION (08:30-09:30)

Time	Parallel Session - Mediterraneo
09:30-10:30	Keynote Session 1 (in the other conference room)
10:30-11:30	Coffee Break and Poster Session A
11:30-11:50	Isidora Stojanovic, Bianca Cepollaro, Filippo Domaneschi <i>"We already knew that slurs are pernicious. Now we know why"</i>
11:50-12:10	Inbal Kuperwasser, Yoav Bar-Anan, Einat Shetreet <i>"Who Said It Matters: Intergroup Effects in Novel Metaphor Processing"</i>
12:10-12:30	Morgan Moyer, Michelle Stankovic, Isidora Stojanovic <i>"Diagnosing thickness"</i>
12:30-12:50	Songqiao Xie, Napoleon Katsos <i>"Metonymy beyond reference: how nominal metonymy carries speaker's attitude"</i>
12:50-13:10	Taela Dudley <i>"Speaker information in manner implicature"</i>
13:10-13:30	Dan Lassiter, Vilde R. S. Reksnes <i>"Using at-issueness to probe participants' understanding of "true" and "acceptable"'"</i>
13:30 - 15:00	Lunch Break
15:00-16:00	Keynote Session 2 (in the other conference room)
16:00 - 17:00	Coffee Break and Poster Session B
17:00 - 17:20	Agnese Lombardi, Valentina Bambini <i>"What Drives Theory of Mind? Comparing the Role of ToM and Pragmatic Training Across Humans and Computational Models"</i>
17:20 - 17:40	Caroline Arvidsson, Ekaterina Torubarova, André Pereira, Julia Uddén <i>"Turn initiations are subserved by higher-order processes outside of the perisylvian language network"</i>
17:40 – 18:00	Rosario Tomasello <i>"Predictive neural processes of action sequences in communicative action understanding"</i>
18:00 – 18:20	Mathias Barthel <i>"Mind the gap! The limits of experimental conditions in interaction research"</i>

PROGRAM

25 SEPTEMBER | SECOND DAY

Time	Parallel Session - Oceano Atlantico
9:30-10:30	Keynote Session 3: Michael Franke <i>"The pragmatics of evidence, association and causality"</i>
10:30-11:30	Coffee Break and Poster Session C
11:30-11:50	Eszter Ronai <i>"Diverging Findings in the Verification and Inference Tasks: A Role for Alternatives?"</i>
11:50-12:10	Joseph Petrie, Richard Breheny, Paul Marty <i>"Explaining the Alternative Outcomes Effect"</i>
12:10-12:30	Greta Mazzaggio, Glenn Starr <i>"Lexical competition and cross-linguistic alignment in scalar reasoning"</i>
12:30-12:50	Maria Spsychalska, Ludmila Reimer, Markus Werning <i>"Quantifier and implicature processing in contexts with full and partial information"</i>
12:50-13:10	Glenn Starr, Emilie Destruel, Ethan Kutlu <i>"Scalar diversity in a second language"</i>
13:10-13:30	André Eliatamby, Lyn Tieu <i>"Ad-hoc implicatures of definite and indefinite descriptions in children and adults"</i>
13:30 - 15:00	Lunch Break
15:00 - 16:00	Keynote Session 4: Francesca Foppolo <i>"Sex, morphosyntax and semantics: the (love-hate) story of Gender and Grammar"</i>
16:00 - 17:00	Coffee Break and Poster Session D
17:00 - 17:20	Fabian Schlotterbeck, Katrin Axel-Tober, Britta Stolterfoht <i>"Explicit Common Ground Management with Discourse Particles Facilitates Processing"</i>
17:20 - 17:40	Mingya Liu, Juliane Schwab, Thomas Gruber, Jutta L. Mueller <i>"Short-reaching prediction and long-reaching integration in response to NPIs"</i>
17:40 – 18:00	Güliz Günes, Asya Achimova <i>"Intonational correlates of event plausibility"</i>
18:00 – 18:20	Ilaria Frana, Timo Buchholz, Paula Menéndez Benito, Ebrar Beşinci, Robin Edds, James Griffiths <i>"Bias in negated Italian questions with discourse particles and prosodic prominence"</i>
18:20 – 19:00	Closing Announcement + XPrag Award

PROGRAM

25 SEPTEMBER | SECOND DAY

Time	Parallel Session - Mediterraneo
9:30-10:30	Keynote Session 3 (in the other conference room)
10:30-11:30	Coffee Break and Poster Session C
11:30-11:50	Marianna Bolognesi, Paola Vernillo <i>"How does language-mediated abstraction affect metaphor quality? Verb specificity and lexical frequency as predictors of metaphor ratings in Italian predicate metaphors"</i>
11:50-12:10	Ekaterina Ostashchenko, Ingrid Lossius Falkum <i>"Figurative Language Preferences in Autistic and Non-Autistic Adults: An Acceptability Judgement Study of Metaphor and Metonymy"</i>
12:10-12:30	Stefana Garello, Ines Adornetti, Alessandra Chiera, Daniela Altavilla, Valentina Deriu, Federica Luciani, Alessia Vecchi, Francesco Ferretti <i>"Keeping Literal Meaning Alive? Conventionality and the Persistence of Literal Meaning in Metaphor Processing"</i>
12:30-12:50	Emma Krane Mathisen, Ira Noveck <i>"To what extent are referential and predicative metaphors processed differently?"</i>
12:50-13:10	Giulia Giunta, Noémie Treichel, Nausicaa Pouscoulous, Diana Mazzearella <i>"Understanding the Ironical Attitude: A Developmental Perspective on Prosodic Cues"</i>
13:10-13:30	Fabrizio Luciani, Paolo Canal, Luca Bischetti, Chiara Pompei, Giulia Tassi, Rosario Tomasello, Valentina Bambini <i>"Combining early and late pragmatic processing via EEG: a study on metaphor and speech acts"</i>
13:30 - 15:00	Lunch Break
15:00-16:00	Keynote Session 4 (in the other conference room)
16:00 - 17:00	Coffee Break and Poster Session D
17:00 - 17:20	Magdalena Roszkowski, Ernő Téglás <i>"Acquiring Homogeneity: Singular vs. Plural Definites"</i>
17:20 - 17:40	Ingrid Lossius Falkum, Camilo R. Ronderos <i>"The development of manner implicatures and sense of conventionality"</i>
17:40 - 18:00	Luca Bischetti <i>"Measuring humor development in early infancy: cultural adaptation and pilot validation of the Italian version of the Early Humour Scale"</i>
18:00 - 18:20	Larissa Erchinger, Moritz M. Daum, Stephanie Wermelinger <i>"Communicative Complexity and Perspective-Taking in Early Childhood: Evidence from Mono- to Multilingual Toddlers"</i>
18:20-19:00	Closing Announcement + XPrag Award (in the other conference room)

POSTER SESSION A

24 SEPTEMBER | FIRST DAY

n°	Authors	Titles
1	Annette Hautli-Jasnisz, Steve Oswald	'Whoa, don't put words into my mouth!': How LLMs deny insinuations
2	Dimitra Lazaridou Chatzigoga, Eugen Fischer, Paul Engelhardt.	Not all senses are equal: Different processing strategies for subordinate senses of polysemous words
3	Yolanda Garcia Lorenzo	Figurative Lies: An Experimental Study on Commitment and Lie Judgements
4	Vladislav Zlov, Marianne Gullberg, Camilo R. Ronderos	Multimodal production of irony – the role of 'echoed' utterances and speakers' attitude
5	Michelle Stankovic	Bilingual Assholes: Do negative expressives impose contextual constraints in a second language?
6	Federico Frau, Ginevra Martinelli, Alessia Tavors, Chiara Pompei, Biagio Scalingi, Giulia Agostoni, Andrea Panzavolta, Luca Diamanti, Chiara Cerami, Marta Bosia, Valentina Bambini	Concretistic or dysexecutive? A transdiagnostic NLP-based detection of metaphor impairment profiles
7	Nicole Gotzner, Gregory Scontras, Kristina Kobrock, Mitra Gholami	INTERACT: A new interactive paradigm for testing speaker goals and social factors underlying indirect language use
8	Christoffer Forbes Schieche, Julia Uddén	Investigating the neural mechanisms of pragmatics in adolescents with ADHD
9	Serena Maria Stagnitto, Chiara Pompei, Federico Frau, Elena Didoni, Elvis Kurtisi, Angelica Manzi, Alessia Tavors, Paola Previtali, Chiara Barattieri di San Pietro, Gabriele Chierchia, Elena Cavallini, Valentina Bambini, Serena Lecce	Theory of Mind and Pragmatics Across the Lifespan: A Pre-Registered Meta-Analysis
10	Adele Loia, Chiara Battaglini, Luca Bischetti, Valentina Bambini	Multiple Routes to Meaning: Interpretative Profiles Across Language Tasks
11	Fortunata Romeo, Chiara Barattieri di San Pietro, Paolo Canal, Federico Frau, Rebecca Guolo, Marco Rigoni, Marina Zernitz, Valentina Bambini	The Motor Roots of Pragmatics: Action Grounding for Pragmatic Language Skills in Hemiplegia
12	Inbal Kuperwasser, Shirly Orr, Diana Mazzarella, Einat Shetreet	Disentangling Implicitness and Justification in Speaker Accountability
13	Luca Bischetti, Chiara Linciano, Chiara Catalano, Valentina Bambini	Laughing at nonsense: a large-scale study on Italian Brainrot appreciation in children and adults

POSTER SESSION A

24 SEPTEMBER | FIRST DAY

n°	Authors	Titles
14	Chiara Battaglini, Veronica Mangiaterra, Paolo Canal, Valentina Bambini	The neural geometry of metaphor multimodality over time investigated via Representational Similarity Analysis
15	Silvia Curti, Desiré Carioti, Angeliek van Hout, Maria Teresa Guasti	A: 'The boy didn't eat the sandwich.' B: 'What do you mean? Not even a bite or...?'
16	Nicolai Dominik Dascalu, Francesca Delogu	When Information Is Less Likely to Be Noticed: Information Packaging Effects on Subjectivity and Truth-Judgments
17	André Eliatamby	How Representations of Multiplicities Influence Children's Generation of Scalar Implicatures
18	Andrea Santana Covarrubias	Semantic-Pragmatic Expectations and Coherence Processing: Eye-Tracking Evidence from Causal Connectives and Reading Disposition
19	Polina Berezovskaya	How 'still' is different from 'again' and 'also': Experimental Evidence
20	Karen R. Fullin	Manner implicature: Inferring multiple meanings from marked forms
21	Agnese D'Angelo, Moritz M. Daum, Stephanie Wermelinger	From Audio to Insight: Ecological Measurement of Preschoolers' Multilingual Speech
22	Ksenia Semenova, Iris Bjørlo Stenseth, Sarah E. MacPherson, Minna Lehtonen, Paula Rubio-Fernandez, William S. Horton, Madeleine Long	Language experience and EF predict distinct pragmatic skills in adulthood
23	Christopher Saure	Experimental evidence for the potential of perspective shift in German indirect discourse
24	Simone Mazzoli, Alice Suozzi, Gianluca Lebani	Beyond Lexical Meaning: Investigating Vehicle Properties in Italian Metaphor Interpretation
25	Luca Sergey Rinaldi, Luca Bischetti, Francesca Ferroni, Martina Ardizzi, Valentina Bambini, Vittorio Gallese	Pragmatic abilities and humor processing in autistic children and their typically developing peers

POSTER SESSION B

24 SEPTEMBER | FIRST DAY

n°	Authors	Titles
1	Mingyang Bian	Experimental Evidence for Two Types of Definites in Mandarin Chinese
2	Maria Andrea Carboni, Anna Cardinaletti, Mikhail Kissine	Ri- prefixation with indefinite direct objects: ambiguity across predicate classes
3	Charlotte Uhlemann, Morwenna Hoeks, Nicole Gotzner	How children and adults process gradable adjectives: Evidence from picture choice, reaction time, and eye-tracking
4	Anna Teresa Porrini, Diana Mazzarella, Nausicaa Pouscoulous	Some misleading information: Scalar implicatures and speaker intention in adolescence
5	Yuting Yuan, Nicholas Allott, Mikhail Kissine	Belief Revision in Human-LLM Communication: Effects of Source Identity, Reliability, and Initial Confidence
6	Giulia Lombardi	Measuring Implicit Meaning Comprehension in L2 Institutional Reading: Toward a Refined and Multimodal Research Design
7	David Pagmar, Agnes Kragsternan Lundell, Gustaf Gren, Napoleon Katsos	What We Talk About When We Talk About Pragmatic Competence: A systematic scoping review of measurements of pragmatic competence across academic disciplines
8	Laura Friedrich, Gemma Seghi, Gerhard Jäger, Asya Achimova	Do Children Always Need Theory of Mind to Understand Irony? The Role of Common Ground
9	Martina Planchesteiner, Alessandra Dodich, Sarah E MacPherson, Madeleine Long	Age-related differences in the processing of medical metaphors
10	Hannah J. Seemann, Britta Stolterfoht, Manfred Krifka	Measuring Commitment and its Effect on Common Ground Updates
11	Eilat Herman, Dawson Petersen, Nathan Schneider, Brandon Waldon	How does syntactic context modulate restrictive interpretation? Implications for linguistics and law
12	Maddalena Bressler, Carola Cappadonna, Chiara Pompei, Luca Bischetti, Valentina Bambini	The Green Training program: a multimodal metaphorical training for environmental concepts
13	Michael Vrazitulis	Question framing and context source modulate scalar implicature rates in verification tasks

POSTER SESSION B

24 SEPTEMBER | FIRST DAY

n°	Authors	Titles
14	Maria Spychalska, Cara Oster	"She braided her hair and washed it": The role of scripts in processing of temporal order relations in conjunctions
15	Romualdo Ibáñez Orellana	Tracking Figurative Language during Reading: Eye-Movement Evidence on Metaphor and Simile Processing in Spanish L1 Learners of English Compared with Finnish Learners
16	Songqiao Xie, Napoleon Katsos	Nominal metonymy beyond reference: Attitudinal meaning and neurodiversity
17	Helle Bollingmo, Ingrid Lossius Falkum	Does the way in which information is presented influence people's trust in AI agents?
18	Fiona Meister, Millen Yemane, Amélie Achim, Michael Mackinley, Farida Zaher, Valentina Bambini, Alban Voppel, Lena Palaniyappan	GRACE - A Novel Scale to Assess Expressive Pragmatic Impairments Anchored in Grice's Cooperative Principles: Design and Pilot Analysis
19	Federica Longo, Daniele Panizza, Alessandra Falzone	The burden of commitment: an eye-tracking study on the online comprehension of scalar and ad-hoc implicatures
20	Jennifer Hüge, Britta Stolterfoht	German discourse particles as linguistic cues for a Free Indirect Discourse
21	William Thomas	Refutational "too": When social indexicality trumps Gricean inference
22	Simon Le Druillennec, Paul Marty, Richard Breheny	From card choices to questions: evidence for context adaptation in SI priming
23	Adina Camelia Bleotu, Lyn Tieu, Anton Benz, Andreea Nicolae	The number of visual alternatives affects the interpretation of disjunction: A QUD account
24	Sonia Ramotowska, Benjamin Spector	Exhaustivity and anti-exhaustivity in non-verbal demonstration

POSTER SESSION C

25 SEPTEMBER | SECOND DAY

n°	Authors	Titles
1	Sara Oguz, Samuel Sonntag, Carolin Dudschig, Merle Weicker	Multimodal response elements in German: An experimental comprehension study
2	Nira Mashal, Orly Bergerzon-Bitton, Roni Sofer, Rakefet Moalem, Smadar Zohar Patael	How Loneliness Shapes Pragmatic Competence in Older Adults
3	Taravat Yazdani, Brandon Waldon	Does presuppositional scalar enrichment diagnose factivity? An empirical investigation
4	Kalle Müller, Katherine Taub	Modulated speaker commitment effects in addressee beliefs
5	Thomas Wieder, Ludmila Reimer, Maria Spsychalska, Markus Werning	Do iconic co-speech gestures semantically contribute to assertions in the same way words do: A surprisal-based ERP investigation revealing N400 and late positivity effects
6	Ximena Echevarria Verastegui	Pragmatics, AI and the brain: The N400 effect of contrastive artificial and natural prosodic contours during the identification of illocutionary acts in Spanish
7	Inbal Kuperwasser, Yoav Bar-Anan, Einat Shetreet	Who Said It Matters: Intergroup Effects in Novel Metaphor Processing
8	Davide Spinelli, Francesca Foppolo, Vincenzo Moscati, Salvatore Pistoia-Reda	Contingency versus Veridicality: A Semantic Constraint on Logical Form
9	Nitzan Trainin, Einat Shetreet, Aya Meltzer-Asscher	Speaker-Specific Lexical Adaptation in Online Language Comprehension: An ERP Study
10	Alessia Tavors, Giuditta Smith, Valentina Bambini, Maria Garraffa	Profiling language in ageing: a comprehensive study on syntax and pragmatics
11	Irene Mognon, Jacopo Torregrossa	Does Negation Processing Underlie Implicature Processing? Reexamining the Source of the Cost of Scalar Inferences
12	Changwoo Yu, Sena Yang, Carolyn Jane Anderson, Yoolim Kim	Pragmatic Effects of Social Attitudes on Subject Honorification in Korean
13	Stavroula Alexandropoulou, Eirini Chalkia, Nektaria Kaiafa	Semantic properties of Greek existential quantifiers affect 'not all' scalar inferences

POSTER SESSION C

25 SEPTEMBER | SECOND DAY

n°	Authors	Titles
14	Harriet Yates, Bob van Tiel, Corien Bary	Scare quotes and speaker commitment: an fEMG experiment
15	Gabriele Pezzullo, Federica Iannotta, Caterina Ceparano, Claudio Ricci, Walter Del Monaco, Arianno Catino, Andrea de Bartolomeis, Felice Iasevoli	Anticholinergic Burden in Schizophrenia: Links With Pragmatic Performance and Indirect Effects Through Cognition
16	Stephanie Wermelinger, Agnese D'Angelo, Larissa Erchinger, Moritz M. Daum	How Preschoolers' Communicative Environment Shapes Their Communication
17	Kristina Kobrock, Morwenna Hoeks, Nicole Gotzner	The role of conceptual hierarchies in contrastive inferences
18	Jiayi Lu, Eszter Ronai	Is implicature priming speaker-specific? A mouse-tracking study
19	Gaia Grassini, Gloria Gagliardi, Francesca Panzeri	Reading Between the Lines – and the Tones: Children's Sensitivity to Tone of Voice in Irony Comprehension
20	Nadav Bezalel, Einat Shetreet	Before the Punchline: Explicit Framing and the Recognition of Jokes
21	Sebastian Walter, Yvonne Portele	Task sensitivity in German pronoun interpretation in direct discourse: The role of memory
22	Domenico Morra, Maria Di Maro	Goal-Directed Clarification Requests: Pragmatic Implications of Cognitive Appraisal
23	Alan Lombardini, Giulia Giunta, Diana Mazzearella, Didier Maillat	At-issueness Sensitivity in L2 Misinformation Detection
24	Jill G. de Villiers, Stephanie Durrleman, Muna Abd El-Raziq	Linguistic and Cognitive Predictors of Children's Sensitivity to Informativeness
25	Vilde R. S. Reksnes, Nicholas Allott, Ingrid Lossius Falkum	Investigating expectations about informativity in human-LLM interactions

POSTER SESSION D

25 SEPTEMBER | SECOND DAY

n°	Authors	Titles
1	James Griffiths, Timo Buchholz	The stages of acceptance: experimental evidence from German
2	Marco Degano, Jacopo Romoli	Connectedness and Generalization in Indefinite Systems
3	Sebastian Walter, Cornelia Ebert, Daniel Teich, Stefan Hinterwimmer	Event kind vs. event token interpretations of iconic gestures in the VP domain
4	Ariele Merlini, Giorgia Vegna, Federica Simonelli, Ilaria Gabbatore, Francesca Marina Bosco	Emotional intelligence, depressive symptoms, and communicative-pragmatic ability in older adults: a correlational study
5	Anton Benz	Embedded Ad-Hoc Implicatures: an Interactive Best Response Experiment
6	Mathis Teucher, Adriana Cruz, Óscar Loureda	Procedural Cues and Conceptual Adjustment: An Eye-Tracking Study on Textual Anaphora and Nominal Encapsulation in Spanish
7	Glenn Starr, Greta Mazzaggio	Quantifier polarity drives distinct focus patterns in sentence continuations across native and L2 speakers
8	Lyn Tieu, Hanyi Zheng, Natalia Liu, Sebastian Walter	At-issue and non-at-issue contributions of emoji: Evidence from contrastive inferences
9	Max Bonke, Sophie Repp	What a propositional anaphor CAN (NOT) refer to
10	Rebecca Guolo, Ginevra Martinelli, Chiara Barattieri di San Pietro, Valentina Bambini	Capturing the Affective Side of Metaphor: a Comparison of BERT-based Sentiment and Prompted Large Language Models
11	Ginevra Martinelli, Biagio Scalingi, Carola Cappadonna, Alessia Tavares, Cristiano Nichini, Matteo Rocchetti, Cecilia Spallarossa, Marta Bosia, Chiara Barattieri di San Pietro, Valentina Bambini	Pragmatic and Structural Markers of Delusion: A Longitudinal NLP Analysis
12	Eva Klingvall	Verbs, causes and other relations: two experimental studies
13	Saeedeh Salimifar, Ingrid Lossius Falkum	Do we hold Large Language Models accountable?

POSTER SESSION D

25 SEPTEMBER | SECOND DAY

n°	Authors	Titles
14	Elena Pascucci, Claudio Ricci, Caterina Ceparano, Antonietta Cerbino, Anita Nasti, Federica Iannotta, Andrea de Bartolomeis, Felice Iasevoli	Exploring the Diagnostic Potential of the Assessment of Pragmatic Abilities and Cognitive Substrates (APACS) in Adults Diagnosed with Level 1 Autism Spectrum Disorder
15	Emilia Tanda, Maria Di Maro, Domenico Morra, Antonio Origlia	Introducing Conversational Directives in pragmatic annotation
16	Xuan LIANG, Lisa Brunetti, Barbara Hemforth	Effects of Information Structure on Pronoun Resolution: A Crosslinguistic Study in French and Chinese
17	Francesco Ferretti, Alessandra Chiera, Daniela Altavilla, Micaela Raffa, Ines Adornetti, Valentina Deriu, Giuseppe Iaria	Navigating stories as navigating space: Evidence for a link between spatial cognition and narrative coherence
18	Lisa Hofmann, Morwenna Hoeks	Processing anaphora in negated and hypothetical discourse
19	Roberta Colonna Dahlman, Joost van de Weijer	The Perception of Factivity
20	Nausicaa Pouscoulous	Novel metaphor comprehension in children with Down syndrome
21	Jonathan Caleb Kendrick, Jonathan Phillips	Scalar Diversity in Processing and World Knowledge
22	Zsolt Mayer, Bálint Forgács	Seven-Year-Olds' Development of Contrastive Inferences in a Game-Like Situation
23	Edoardo Lombardi Vallauri	The detection of implicit contradictions by humans and AI systems: an experimental comparison
